

# Product information

## Thread anvils Multimar 844 Tr

### Product features

- For pitch diameters
- Hardened, wear-resistant special steel
- With cylindrical mounting shank and retainer ring which ensures locking while permitting rotation in bore

Item no.: 4501207

### Technical data

|                               |                |
|-------------------------------|----------------|
| Pitch angle in degrees        | 55°            |
| Length (mm)                   | 6              |
| Thread pitch in TPI           | 40-32          |
| Mounting hole                 | 3,5            |
| Measuring element for threads | Blade          |
| Shaft diameter                | 3.5            |
| Shaft length                  | 6              |
| Thread parameter              | Pitch diameter |
| Type of thread                | Whitworth 55 ° |
