

Product information

Power supply module Millimar N 1701 PS

Product features

- Flexibel combination of RS485 bus modules
- Capable modules for the evaluation of measurings sensors
- Synchronous data enquiry of multiple connected sensors
- Ability to connect the N 1700 modules to the smart & universally applicable Millimar Cockpit Software
- Connection of all types of measuring sensors within the same compatibility
- Modular and customizable selection of product combinations for solving each customer specific measuring tasks
- Theoretical bus data rate of max. 4189 values per second (depending on the number of connected channels)

Package contains

power source, instruction manual

Application

Smart and flexible combination of measuring modules and software for solving customer-specific measuring tasks.

Item no.: **5331133**

Technical data

Current supply	2000
Configuration	Millimar Cockpit Software
Data interface	RS-485
Energy supply	230 V/115 V; 50/60 Hz
Operating temperature from	0
Operating temperature up to	40
