

Product information

Indicating measuring instrument for inner and outer diameters Multimar 36B-10

Product features

- Friction-free, zero-backlash measuring anvil holder for high measuring accuracy
- Parallel spring-loaded system for repeatable measuring force
- User-friendly and ergonomic:
 - Table surface can be tilted and clamped between 0° and 90°
 - Adjustable lifting of movable probe
- Adjustable measuring force

Item no.: 2050643

Application

- For measuring inner and outer diameters, centering shoulders, narrow collars and recesses.
- T-shaped groove layout allows a diameter to be directly read out via 2 measuring contacts. A third measuring contact can be used as a fixed stop or centering point.

Technical data

Measuring force from	0
Measuring force up to	35
Mounting hole	0.375"
