Terméktulajdonságok

A practical solution for inspectors and machine operators who need to eliminate the potential for indicator misreadings.

- No matter how far out of tolerance a part may be, the needle of a one revolution indicator will always stay in the red, non-read zone – no passing zero again – no reading errors.
- No limited contact travel
- Shockproof "Following Movement"
- Always keeps the hand within a single revolution
- Alternate contact points, backs and other accessories are optionally available
- Metric dials are yellow
- One piece case design
- Inserted precision bearings
- Available in ANSI/AGD Group 2 size
- Flat back
